CAREER OBJECTIVE

I am a passionate Computer Science student, seeking for internship opportunities to derive my technical skills and to apply theoretical knowledge in practical to grow professionally in the tech industry. Eager to apply programming skills and contribute to innovative projects.

SKILLS

- **Languages :** Java, Python(Basics), HTML, CSS, JavaScript
- **Concepts :** Data Structure and Algorithms , OOPS
- **Framework :** Tailwind CSS , Bootstrap(Basics)
- **Operating System :** Windows, Linux
- **Tools :** VS code, Git , GitHub

PROJECTS

Crime Record Management System

- Developed a comprehensive Crime Record Management System using HTML, CSS, JavaScript, jQuery, and SQL. The system allows for efficient management and retrieval of crime records, including features for adding, updating, and deleting records. Implemented a user-friendly interface to facilitate data entry and report generation, and utilized SQL for robust data storage.

Airline Management System

- Built a Java-based system with features like Add Customer, Book/Cancel Flight, Flight Info, Journey Details, Boarding Pass generation, and secure Login. Used MySQL to manage flight and customer data.

Technologies: Java, MySQL

EDUCATION

Under Graduation	2022- 2026
Excel Engineering College, Tamilnadu	
• CGPA - 7.8 (Pursuing)	
Higher Secondary Education	2020- 2022
B.N.C College Dhamdaha Purnea	
• CGPA - 6.76	
Secondary Education	2019- 2020
High School Rupouli Purnea	
• CGPA - 6.09	

INTERNSHIP

Front End Development

Completed an internship at Edunet Foundation, focusing on web development using the Django framework. Assisted in designing, developing, and deploying dynamic web applications with Django, including implementing user authentication, database management, and interactive features.

ADDITIONAL INFORMATION

- **Languages:** English, Hindi
- **Notable Skills:** Project management, Problem solving
- **Certifications:** Participated in the workshop on cyber security and ethical hacking at NIT Tiruchirappalli
